尊敬的各位专家和同道：

《中国抗癌协会卵巢癌专业委员会 2025 年学术年会》暨《第四届东亚妇科肿瘤临床研究协作组（EAGOT）年会》定于 2025 年 5 月 13 日 -18 日在上海举行，本次会议由中国抗癌协会整合妇科肿瘤委员会、东亚妇科肿瘤临床研究协作组主办，中国抗癌协会卵巢癌专业委员会承办。

中国抗癌协会卵巢癌专业委员会（COCS）于 2023 年 5 月 12 日正式成立，它是在中国抗癌协会妇科肿瘤专委会（CGCS）的基础上，经过沿革、拆分和进一步发展，形成的一个专注于卵巢、输卵管及原发腹膜肿瘤的学术团体。COCS 以“通过交流合作、培训教育、科普宣传，推动中国卵巢癌医生的培养和认证制度，提升我国卵巢癌的临床诊疗和研究水平”为愿景。自成立以来，COCS 已经成功举办了两次高质量的学术年会，这些会议对于推广卵巢癌的个体化和规范化诊疗起到了积极的引领作用。

中国抗癌协会整合妇科肿瘤委员会（CHISGO）于 2024 年 6 月 22 日正式成立。在樊代明院士的引领下，该委员会在已有的妇科肿瘤相关学术专委会基础上，旨在深入贯彻中国抗癌协会（CACA）总会提出的“肿瘤防治，赢在整合”的学术发展理念。它致力于推动学科前沿发展和指南建设的双引擎工作模式。CHISGO 纵向整合了十个妇科肿瘤相关系列专委会，负责执行 CACA 总会和理事会的学科发展任务，同时协调各学术专委会、基地医院、信息化平台及媒体资源。此外，它还横向联合防筛委员会等其他工作委员会，开展广泛的学术合作。在统筹协调妇科肿瘤相关系列专委会的工作、促进学术传播、新指南的编撰、提出学术探索方向以及制定未来工作计划方面，CHISGO 发挥着重要的引领作用。

东亚妇科肿瘤临床研究协作组（EAGOT）成立于 2021 年 11 月 19 日，下设理事会及 4 个委员会（宫颈癌委员会、子宫体癌委员会、卵巢癌委员会和转化研究委员会）。EAGOT 的宗旨是开展国际临床试验，旨在为亚洲女性提供最佳的妇科肿瘤治疗。EAGOT 的成立，作为亚洲妇科肿瘤领域最大的医疗和研究创新网络，将成为制定亚洲地区诊疗标准和指南的平台。此外，协调申办方 / 研究者发起的临床试验，都将有助于改善亚洲妇科癌症患者的预后。

WELCOME ADDRESS

Dear Esteemed Experts and Colleagues,

The 2025 Annual Academic Conference of the Ovarian Cancer Committee of the Chinese Anti-Cancer Association (COCS) and the 4th Annual Meeting of the East Asian Gynecologic Oncology Trial Group (EAGOT) will be held in Shanghai, China, from May 13 to 18, 2025. This event is jointly organized by the CACA Holistic Integrative Society on Gynecologic Oncology (CHISGO) and the East Asian Gynecologic Oncology Trial Group (EAGOT), and hosted by the Ovarian Cancer Committee of the Chinese Anti-Cancer Association (COCS).

Conference Overview

COCS, officially established on May 12, 2023, evolved from the Chinese Gynecologic Cancer Society (CGCS) to become an academic organization dedicated to ovarian, fallopian tube, and primary peritoneal cancers. With a vision to "advance the training, certification, and clinical expertise of Chinese ovarian cancer specialists through collaboration, education, and public outreach," COCS has successfully hosted two high-quality annual conferences, driving the promotion of individualized and standardized ovarian cancer diagnosis and treatment.

CHISGO, established on June 22, 2024, under the leadership of Academician Fan Daiming, embodies the Chinese Anti-Cancer Association's (CACA) philosophy of "Winning the Fight Against Cancer Through Integration." It integrates ten gynecologic oncology-related committees to advance disciplinary frontiers and guideline development. CHISGO coordinates cross-disciplinary collaborations, academic dissemination, and strategic planning, serving as a pivotal force in unifying resources and guiding innovation in gynecologic oncology.

EAGOT, founded on November 19, 2021, comprises a governing council and four specialized committees (Cervical Cancer, Uterine Corpus Cancer, Ovarian Cancer, and Translational Research). As Asia's largest collaborative network in gynecologic oncology, EAGOT aims to conduct international clinical trials, establish regional treatment standards, and improve outcomes for Asian women with gynecologic cancers through investigator-initiated studies and cross-border partnerships.

Conference Objectives

This conference will leverage the high-quality academic platform provided by the Chinese Anti-Cancer Association to convene renowned global experts in gynecologic oncology. Together, we will explore new concepts, technologies, and advancements in
